Principal's News

Dear Parents/Guardians,

Boy, time flies when you are having fun - can you believe it is almost March already?! The last several months of school are busy ones as we prepare for our state testing in grades 3-5. If you have a child in one of these grades, please be on the lookout for more information from your child's teacher on their exact testing schedule. A good night's sleep can go a long way in helping our children perform their best. Thank you for all of your work in ensuring your child gets the rest they need for their body in order to stay focused and healthy!

Please remember that we do not offer before and after school supervision for students. Students should arrive at school no earlier than 7:40am and should be picked up no later than 3:35pm. Thanks for your help in keeping our students safe!
