A MESSAGE FROM THE PRINCIPAL

August 2017

Dear Students, Parents/Guardians & Teachers:

The 2017-2018 school year is upon us. The great thing about the beginning of the school year is that we all get a fresh start as we continue our journey of learning. We are currently working to create a healthy and positive school culture at Hastings Senior High School.

At Hastings Senior High School, we believe that a strong partnership must exist between the student, family, and school for growth, progress, success and accomplishment to occur. We will continue to implement educational strategies and tactics along with the resources and structure for educational success. This consists of weekly planners, T3, PBIS, Naviance, Freshmen Mentoring Program, and the 1-to-1 laptop program.

Just like last school year, I have four expectations for you:

1. Make it a priority to attend school everyday, on time, and be engaged in the teaching and learning process.
2. Get involved in co-curricular programs and extra-curricular activities including athletics, fine arts, and clubs. Students who are involved in co-curricular and extra-curricular activities do better academically and are happier and enjoy being at school compared to students who do not.
3. Build healthy and positive relationships with your peers, teachers, counselors, coaches, and administrators.
4. Advocate for yourself. When you need help, ask your teachers, counselor, coaches, sponsors, assistant principals, and me. We want to help you be successful and happy at Hastings Senior High School.

Please use this student handbook as a resource to provide guidance and direction for the 2017-2018 school year. By doing so, you will increase your potential for success and accomplishment to occur and you will help make Hastings Senior High School a safe and orderly learning environment.

Have a great school year!

Dr. Thomas Szlanda
Principal
Hastings Senior High School

CARE OF SCHOOL/PERSONAL

Students are responsible for the proper care of all books, supplies, and furniture supplied by the school. Students who disfigure, break windows, or do other damage to school or personal property or equipment will be required either to pay for the damage, that is done, or replace the items.

CHANGE OF ADDRESS/PUPIL INFORMATION

The signal for a disaster drill will be given by voice over the intercom. School personnel will give directions for students and staff to move to safe areas.

DISCRIMINATION IN EDUCATION PROGRAMS AND ACTIVITIES

"It is the policy of the Hastings Public Schools that each student and employee should be treated equally. If a student or an employee believes that he/she has been treated unequally because he/ she:

1. Is a member of a certain race
2. Is a female or male
3. Speaks English as his/her second language
4. Is from a country other than the United States, or
5. Has a handicap

then he/she should contact Mrs. Diana Reiner, 1924 W. A St, Hastings, Nebraska 68901. Mrs. Reiner can be reached by phone at 461-7511. She will work with the District's administrators to make certain that the provisions of Title IX of the 1972 Education Amendment, Title VI of the Civil Rights Act, Section 504 of the Rehabilitation Act, and the Americans with Disabilities Act are not violated."

Publication of Student Pictures and Products

From time to time, your student may have occasion to be photographed for the newspaper, television, or Internet web pages. Frequently, the news media will do stories on events occurring in school programs, presentations, sporting events, or other newsworthy happenings. Teachers may post pictures of classroom activities and field trips on Internet web pages. Since pictures of students are personally identifiable information, you may have concerns about your student's picture appearing on television, in the newspaper, or on the Internet.

Students also have the opportunity to have works of art, research, or creative writings displayed through the media or Internet web pages. Exhibiting student works in this manner is viewed as a form of electronic publication.

Hastings High School may disclose directory information from time to time. Remember directory information means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to the students name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

These types of items will be disclosed, should such occasion arise, unless the parent of the student or the eligible student has informed the high school Principal in writing within two (2) weeks after starting school at Hastings Public Schools that such information is not to be disclosed with respect to such student.

DRESS CODE

The atmosphere of the school is dedicated to the business of learning. Students' appearances contribute to a positive atmosphere. Any clothing that detracts from the educational process or that is offensive in nature is prohibited. The following guidelines have been established to assist students in determining what is proper attire.

1. Clothing that disrupts learning* is not appropriate for school and students will be asked to change their clothes. Provocative clothing is inappropriate as well.

Examples of clothing that disrupts learning include:

- a. apparel that allows a bare midriff
- b. apparel that allows undergarments to show (i.e. baggy or low rise jeans or pants, bra straps under skimpy tops)
- c. tank tops with spaghetti straps or halter tops
- d. sleeveless tank tops/undershirts
- e. extremely short shorts or short skirts or skirts with provocative slits (Shorts, skirts and skorts must be at least cover the entire buttocks)
- f. necklines that are provocative

2. Clothing or body tattoos with printed wording, pictures or designs which advertise or promote alcohol, tobacco or drugs, or which carry any derogatory connotations, profanity, gangs, and/or sexual innuendo are prohibited. Pictures and/or printed wording on clothing that conflict with board policy or school curriculum will not be permitted.
3. Shoes, boots, sandals or moccasins must be worn at all times. (Slippers are not appropriate footwear)
4. Hats, hoods, bandanas, and sunglasses are not to be worn in the school building. They must be placed in the student's locker during the school day.
5. Book bags/backpacks are not allowed in the classrooms. They must be placed in student's lockers during the school day.
6. Spiked jewelry or chains that are considered dangerous are prohibited.

Students will be asked to correct inappropriate attire, and the administration may provide clothing that is appropriate for the school environment. Clothing that is determined to be in violation of the dress code policy will be confiscated by the administration and held until a student picks it up. Students will be assessed a fine for any unreturned clothing that is loaned to the student. Students with inappropriate tattoos will be asked to have them covered at all times during the school day and at school activities. Repeated violations will be treated as insubordination. All staff members have the discretion to send students they believe to be in violation of the dress code policy to the office. Principals will have the final authority in determining the appropriateness of student attire.

ELECTRONIC DEVICES

Cell phones and other like devices may not be accessed in any hallway, classroom, or locker dressing room area during any class period. Students may use cell phones and other like devices in the hallways during passing periods and in the cafeteria during their lunch period. Cell phones and digital music devices that are in use in a classroom during the class period, will be confiscated. Headphones must be put away upon entering the school building. They are not to be worn in ears or attached to clothing. Failure to give the item to a staff member, when asked, will result in further disciplinary action. The item will be turned in to the office where the following consequences will be assigned.

1st offense - 1 hour detention to be served before the item can be returned to the student

2nd offense - 1 hour detention to be served before the item can be returned to a parent

3rd or more offense - may include the following; detention, loss of privileges, holding the electronic device for an extended period of time, ISS, OSS

The use of a personal electronic device during class time requires permission from a staff member. Students will not be allowed to use personal computers/laptops during the school day.

In case of an emergency please contact the HHS office at 461-7550 and information will be passed to the student. Parents are asked not to contact students using cell phones during school hours.

Students being interviewed by administration related to possible misconduct or inappropriate behavior may be asked to give their cell phone or other like electronic device to administration until the investigation is complete.

Inappropriate Use of Technology that Transmits Digital Images

The inappropriate use of devices capable of transmitting data (images and video) can create a risk factor in locker rooms, restrooms, private areas, classrooms and other locations where students and/or staff have a reasonable expectation of privacy. Inappropriate use of such items will result in suspension or expulsion from school.

HALL PASSES

All students must have written consent from a staff member on their handbook/ planner in order to access hall privileges for drinks, bathroom and locker use, and must carry this with them while they are accessing these privileges. Students will be limited to 2 hall passes per school day.

Teacher directed passes would not count for pass allotment.

PBIS EXPECTATION

PLEASE PLACE INSERT HERE

LOCKERS

All students will be assigned a school locker and are asked to only use their locker. This locker is the property of the school, although the school is not responsible for losses from lockers, whether locked or not. It is recommended that students not give their locker combination to other students, nor use or allow other students to use a locker that is not assigned to them. Freshmen and sophomore students may have to share a locker.

Students who choose to place their own lock on their locker must give the combination to the office.

LUNCH

Freshmen and sophomores are required to remain on campus during their lunch period. Attendance is required and recorded in the cafeteria. Parents of freshmen and sophomores may pick up their students for lunch by checking them out of the office, in person.

Juniors and Seniors are eligible for an open-campus lunch privilege. Those choosing to exercise this privilege must leave campus. Upper classmen choosing to stay on campus for their lunch period may either report to the cafeteria for lunch or to the library. Upper classmen are asked not to loiter in the school building during their lunch period.

Juniors and Seniors that show unsatisfactory academic progress or lose open campus privileges may be given private dining. If a Junior or Senior is assigned to private dining they must report to a designated room for that period. Students are to bring study materials with them to private dining.

Fast food is not permitted in private dining.

Students that do not report to the cafeteria or private dining will be considered truant and insubordinate. Their consequences may include, but are not limited to Loss of Privileges, ISS, or OSS.

Remember: Open Campus Lunch is not a right. Protect your privileges.

LUNCH RULES

Students in the lunchroom must remain in the lunchroom. No students (even upperclassmen) are allowed to leave the lunchroom without permission before the lunch period is over. Food and drink are to remain in the cafeteria. At times it may be necessary to revoke a student's cafeteria privilege. If this occurs the student will be assigned to a designated room to eat lunch. Students assigned private dining will report to an assigned room and not the cafeteria, and will be given a sack lunch.

Students that do not report or are late to private dining will be considered truant and insubordinate. Their consequences may include, but are not limited to Loss of Privileges, ISS, or OSS.

POWER LUNCH

Students will be given a cafeteria account number. This number will appear as a barcode on each student's ID card. This number will record the lunch/breakfast purchases and maintain a balance of funds left in student accounts for meal purchases. The cafeteria staff will verbally remind students when they have reached a negative balance. Students whose lunch balances exceed \$10.00 will be given a cheese sandwich and milk for lunch. Deposits to lunch account can be made daily at the Senior High school cafeteria. Lunch account information can be accessed online at [http:// 204.234.58.199/public/](http://204.234.58.199/public/)

Whether you are involved in several activities, go home right after school, work two jobs, or just like coming to school, you are a Tiger. I urge you to get involved in activities. Try something new. Pull your friends into these activities too. You may just learn you like something different than you expect.

Also, I want to let you know that I am more than open to listening to any ideas or concerns any of you have for the school or the council. I'm here for you guys, so let me know!

Most importantly, make the most out of your time here. We are lucky to go to HHS because it provides us so many opportunities to become better in every aspect. Join a club and if there isn't one that interests you, make one! Leave HHS knowing that you made your community, school, and self better. I promise you that you won't regret it.

Go Tigers!

Your Student Council President,

FEES

Students attending Hastings High School and participating in extra-curricular activities may be required to pay fees or dues. In addition, they may be required to furnish personal and consumable items, non-specialized clothing, special equipment, attire or uniforms, materials, lunch fees, activity fees, admission fees to extra-curricular activities, course project materials, etc. The following information provides details on what students are expected to provide for participation in various programs and activities.

Students who qualify for free or reduced priced lunches under the Department of Agriculture guidelines may have certain fees and other items waived. Those include admission to extra-curricular events, specialized clothing or equipment, attire or uniforms required to participate in extra-curricular events, and course materials as required to complete a course project. The following regulations apply to waivers:

1. Any specialized clothing, attire, or equipment provided by the district will remain the property of the district.
2. Waiver students are responsible for the proper care of any school district clothing, equipment, or materials. Fees may be assessed for cleaning, repair, or replacement of district owned property.
3. At no time will a parent, guardian, or student be reimbursed cash for the purchase of specialized clothing, attire, or equipment.
4. Music instruments will be provided to those students who qualify, but the district shall not be obligated to provide a particular type of musical instrument for any student.

Parents or guardians may submit waiver applications to the Office of the Superintendent. To request this waiver, students must receive free or reduced lunch services and complete a Sharing of Information form. Completed waiver applications must be submitted by the following deadlines:

1. Admission fees activity prior to the first home activities/event
2. Specialized equipment or clothing prior to the first practice
3. Course project materials first two weeks of class

Non-Specialized Clothing

Students are required to furnish the following non-specialized clothing. This includes but is not limited to:

Athletic shoes, braces, clothing
Physical education shoes and clothing
Protective clothing for skilled and technical sciences

Course Materials

When students enroll in a class that requires a project that is taken home and kept by the student, the student will pay for the materials for the project. In some classes the student determines the scope of the project. For students who qualify for free and reduced services, the instructor and principal shall agree upon the fee to be paid for the materials.

Specialized Clothing/Equipment

Students participating in music courses (band, flag corps, choir), cheerleaders, Tigerettes, are encouraged but not required to purchase specialized uniforms. If the district provides the uniform, it may be previously worn and cannot be kept by the student. Students may wish to purchase their own uniforms for colorguard, choir, cheerleading, and Tigerettes so their uniforms are distinctive from previous year's groups. The district will provide only basic uniforms. For example, only one skirt and sweater will be provided for cheerleaders and Tigerettes. The student must provide shoes for all activities. The district will provide golf clubs and bags as they are considered specialized equipment.

Admission Fees

Students are charged an admission fee to attend school sponsored extra-curricular activities. Students may pay single admission fees or purchase annual activity passes. Students who participate in an activity are required to purchase an activity pass. Students who qualify for free and reduced services may secure a waiver for admission fees or activity passes. Admission fees to contests

held on behalf of the Conference, or any sub-district or district activity sponsored by the Nebraska School Activities Association cannot be waived.

Organizations

Students may choose to belong to student organizations. Membership in these organizations is voluntary and any fees, costs, materials, or clothing is the responsibility of the student. These organizations may choose to fund their activities through fund raising. Students who belong to these organizations are expected to participate in the fund raising activities of the organization in order to participate in the activities supported by the fund raising.

Other Student Activities

Students may participate in activities that are not associated directly with the curriculum and are not required to pass a class. These activities are optional and no waiver will be provided:

band trips choir trips overseas travel certain field trips

Post-Secondary Education/Correspondence Courses/Summer School

Students are required to pay for any post secondary classes. Waivers will not be provided for students taking correspondence courses. Students are required to pay the full cost of all summer school programs/camps.

Other Items

Yearbooks, class rings, graduation announcements, letter jackets, club or organization apparel, team t-shirts, shooting shirts, and similar items are sold as a convenience to students and are not fees or requirements covered under this policy. RULES FOR EXTRA CURRICULAR ACTIVITIES

PARTICIPATION

In addition to NSAA rules and the Student/parent handbook, each activity covers rules in their individual handbooks. These handbooks may be more stringent than, but in no case lower than the standards set forth by the NSAA or the student/parent handbook. Acknowledgments signed by the parent and student of the constitution are binding.

No student shall be allowed to participate in school athletic practices and contests until there is on file with the coach and/or Athletic Director the following, fully completed and signed:

1. The Parental Consent Form with all blanks filled in and signed by the student and the parents or guardian of the student.
2. The Health Examination Form with all blanks filled in and signed by the Physician. Obligation for the physical examination is the responsibility of the parent or legal guardian. The examination must be given after May 1st of each year. The NSAA REQUIRES EACH ATHLETE TO HAVE A PHYSICAL EXAMINATION EACH YEAR.
3. The Hastings Public Schools Athletic Insurance Form attached to these rules and regulations with all blanks filled in and signed by the parents or guardians of the student.
4. Purchase of an activity pass (\$35).
5. Attend an informational meeting held by the Activities Director.

Application of the Activity Code of Conduct – The expectations outlined in this code are in effect from the moment a student first signs the extra-curricular contract until he or she graduates. These expectations must be maintained year round, in and out of season, and on and off the fields of competition.

Mandatory Annual Meetings – Prior to the start of each school year, an informational meeting will be required of all student participants and their parents/guardians in order to participate in activities. “Make-up” meetings will be held periodically throughout the year to coincide with the start of the winter and spring seasons for students and their parents/guardians who did not attend the August meetings. A student who does not attend the mandatory season meeting, or one whose parent/guardian(s) does not attend the mandatory season meeting may not begin practice until both the student and his or her parent(s) attend either a “make-up” meeting or a meeting with the Activities Director.

Individual Coach’s Team Rules – Head coaches are responsible for holding team meetings prior to the start of their season for student participants and their parents. Coaches, after review and approval by the Activities Director, may establish additional rules and expectations for their respective sports. These additional rules and expectations for a particular sport must be stipulated in writing to all team members and parents and explained fully at the start of the season. Penalties for violations of team rules and expectations must also be in writing, a copy provided to the Activities Director, and shall be administered by the coach. Copies of all additional individual team rules and expectations are to be on file in the Activities Director’s office.

It is the expectation that, any time a coach withholds playing time from a student participant for violation of individual team rules, the coach informs the Activities Director of the name of the student, the circumstances under which the action is being taken, and the length of time the student is being withheld from competition. It is the expectation that this notification take place prior to the student being withheld from competition, but it is understood that in certain situations this may not be possible.

In the presence of – It makes sense that, the more a student participant has access to and/or is familiar with tobacco, alcohol, and drugs, the greater the likelihood that he or she will use those substances. Similarly, the more often a student is in the presence of others using tobacco, alcohol, or drugs, the greater the likelihood that he or she may be accused, rightly or wrongly, of the use of these substances. Therefore, if a student attends a party where alcohol or drugs are being illegally dispensed or used, the student must leave the party and report his or her attendance to the Activities Director before the end of the next school day. If the party occurs over the weekend or school break, the student has twenty-four (24) hours to report to the Activities Director. Leaving a detailed voice mail (461-7557) or e-mail (tdouglas@hhstigers.com) is considered a report.

Exactly following these procedures exonerates the innocent student participant, assuming that the student is not frequently showing up at these parties and that there is no corroborative information to indicate wrongdoing. A student failing to report attendance at a party where alcohol or drugs were illegally dispensed or used will be judged to have been in possession or guilty by his or her presence.

It is important to understand that leaving means leaving immediately, or as practical, once the student becomes aware that alcohol or drugs are being illegally dispensed or used.

Cyber Image Guideline – Any identifiable image, photo, or video that implies a student participant has been in the possession or presence of alcohol or drugs, or that portrays actual use or out of character behavior or crime, shall be considered confirmation of a violation of the code of conduct. Since there is no way to establish a time frame when or location where an image was taken, it shall be a responsibility that the student must assume. It should be understood that persons might attempt to implicate a student by taking or manipulating such images in order to place the student in a situation where he or she might be in violation of the code of conduct. This is another rationale for demanding that student not place himself or herself in the presence of illegal alcohol or drug use.

Corrective Expectations

If a violation of the code of conduct occurs, or is alleged to have occurred, a corrective process must be undertaken by the administration, student, and his or her parent(s). Parents/guardians must be involved with the process. This helps ensure that all parties are informed as to the nature of the violation and are in full understanding that any future violations will result in greater consequences.

Failure of a student participant to complete any part of the corrective process or the subsequent restorative process will result in permanent suspension from any future involvement in athletics. Failure by a parent/guardian to comply will result in the student being able to practice but not compete, provided the student completes the process.

Investigation – The following general procedures will occur if a student participant is suspected of violating the expectations outlined in this code of conduct:

Any individual or stakeholder may choose to report a violation of the code of conduct verbally or in writing to:

- Board of Education Members
- Building Administrators
- Activities Director
- Coaches

- Teachers
- Counselors
- Support Staff

All employees who receive violation reports concerning student participants should immediately report such allegations to the Activities Director. An investigation to determine the nature of the allegations shall begin immediately.

- The Activities Director will interview the student as to the reason(s) for suspected activity violation(s) in an effort to confirm or refute the allegation.
- After this initial interview, parental notification will be made by the Activities Director regarding the alleged violation, the outcome of the initial interview, and next steps.
- The Principal will be notified of the allegation and the status of the investigation and will be kept aware of the progress of the investigation.
- In the event the initial interview does not bring resolution to the investigation, the Activities Director further investigate through interviews with those who may be aware of the violation(s) first-hand, those who may have limited knowledge of the violation(s), and/or those who may be involved with such violation(s).
- If there is reasonable evidence of a suspected alcohol or drug violation, a student may be asked to take a timely alcohol or drug test to confirm his or her recent alcohol or drug status. Furthermore, the student may be required to submit to more frequent testing during his or her season.
- Failure to provide the results of such a test or to submit to the test will be considered, as far as remedies and consequences are concerned, confirmation of a violation.
- The approved and appropriate remedies and consequences for the type of violation will be applied and enforced.

Cooperation – It is important for all student participants to understand that involvement in the Hastings Public Schools activities program is a privilege. With the responsibility of being a student participant comes a commitment to the conditions of this code. In the event that a student comes under investigation for a possible violation(s) of the expectations outlined in this code, it is expected that the student:

- Be truthful
- Be forthcoming with information
- Not be deceptive
- Be cooperative

As education is a major component of extra-curricular participation, the opportunity exists to admit and learn from that mistake. So, to encourage honesty and cooperation, the Activities Director/Assistant Principal/Principal has the authority to reduce a Tier 2-Strike 1 up to half the original number of contests for any student who admits to a violation of the code of conduct prior to the Activities Director finding out a violation has occurred. No reduction of a Tier 2-Strike 3 or Tier 3 penalty will be permitted for a self-admission. Violation of the conduct policy, that occurs on school property, school activities or events will not fall under the self-report clause of this policy.

Though it is expected, it is understood that a student participant, either one alleged to have committed a violation or one interviewed regarding a violation, does not have to be cooperative during an investigation. It should be similarly understood that the Activities Director does not have to allow an uncooperative student to practice or compete until such time as the matter is resolved or at any point thereafter.

Therefore, if at any time during an investigation, either prior to or after the determination of guilt and/or consequences, it is determined that a student has lied, been deceptive, untruthful, or withheld information, the Activities Director has within his or her power to impose a greater level of consequence.

Great weight must be placed on the privilege of representing the Hastings Public Schools community and any student who would fail to be truthful and/or cooperative would jeopardize the perceived character of the Hastings Public Schools' programs.

Confirmation – Confirmation of a violation of the expectations outlined in this code of conduct may be provided by, but not limited to, any of the following:

- An admission by the offending student participant.
- A positive reading for a restricted substance on a breathalyzer or medically conducted drug screening or test.
- Failure to provide the results of a medically conducted drug screening or test.
- Refusal to take a breathalyzer test or medically conducted drug screening or test.
- Evidence, circumstantial or otherwise, that would support the reasonable conclusion that a violation occurred.
- A credible eyewitness account.

Exoneration – Exoneration of an alleged violation may be provided by, but not limited to, any of the following:

- A negative reading for the substance in question on a breathalyzer or medically conducted drug screening or test.
- The absence of any credible evidence, either circumstantial or otherwise, that supports a violation occurred.
- Overwhelming evidence or conditions that would support the innocence of the student-athlete.

Non-Finding – A non-finding in the investigation of a suspected violation may be considered when it is agreed that no reasonable conclusion of guilt or innocence may be determined in a timely fashion. As part of a non-finding determination in an alcohol or drug allegation, the student 1) will be required to complete the first two steps of the Restorative Expectations and 2) may be subjected to on-going testing and verification procedures as to his or her drug free status.

Consequences – Upon the completion of an investigation, it is the responsibility of the Activities Director to make a confirmation, exoneration, or non-finding determination. In the event a confirmation determination is made, it is the responsibility of the Activities Director to determine consequences consistent with those described herein. It should be understood that the expectation of consistent application of consequences is not synonymous with the idea of exactly equivalent application of consequences as no two incidents are exactly the same.

The primary goal of these consequences is first to put ownership of the violation(s) with the student participant, secondly to offer a process for change, thirdly to involve the student's parent(s) in the process of education, correction, and restoration, and lastly to give the student every possible opportunity to rectify such behaviors.

The best possible option for consequences for code of conduct violations is a three-tiered framework with the understanding that the severity of the act, who commits the act, and where the act is committed all have bearing on the consequences that result.

Tier 1 – Out of Character Behavior

Highly successful teams and individuals who achieve success through hard work and great character define activities programs of excellence. Character is the pattern of beliefs, attitudes and resulting actions that demonstrate respect and concern for others while embracing one's social responsibility as part of his or her community.

Out of character behavior is best defined by the expectations for student conduct as described in the Hastings High School student handbook that results in a suspension or expulsion.

Student participants suspended from school are not permitted to be on school grounds during the time of their suspension and therefore may not practice or participate in athletic contests during the time of their suspension. Should there not be a contest scheduled during the time of the student's suspension from school, the student as a result of his or her out of character behavior, will be ineligible to participate in his or her sport's next regular or post-season contest.

It is to be understood that a student may be afforded only one Tier 1 penalty during the course of his or her school career. A student who commits any further out of character act, regardless of whether the act was similar to or different from the initial act, will be automatically moved to Tier 2.

Tier 2 – Use or Possession of Alcohol, Tobacco or Drugs, Hazing, and Misdemeanor Offenses

The use or possession of alcohol, tobacco or drugs (including performance enhancing drugs) will not be tolerated at any time. Hazing is defined in detail in the Hastings High Handbook. No student participant, coach, volunteer, or district employee shall plan, direct, encourage, assist, or engage in any hazing activity.

Nor will acts that result in the student participant being arrested by law enforcement be condoned. As it has been determined that activity participation is a privilege and not a right, it is to be understood that there will be no obligation on the part of the administration, in response to the arrest of a student, to wait for the judicial process to run its course. Therefore, even while misdemeanor charges are pending and adjudicated, the student will be suspended and participation will be denied.

Strike 1 – Using the number of regular season contests scheduled, the student will be ineligible to participate in 25% (a minimum of 2 contests) of that sport's regular or post-season contests. Scrimmages are not considered scheduled contests. The exclusion shall be consecutive, starting with the first scheduled event. Exclusion will carry over to the next season the student participates in should the penalty not be completed during the initial season of ineligibility. The student is expected to continue to practice with his or her team while serving this penalty.

Strike 2 - Using the maximum number of regular season contests scheduled, the student will be ineligible to participate in 50% of that sport's regular or post-season contests. Scrimmages are not considered scheduled contests. The exclusion shall be consecutive, starting with the first scheduled event. Exclusion will carry over to the next season the student-

athlete participates in should the penalty not be completed during the initial season of ineligibility. The student is expected to continue to practice with his or her team while serving this penalty.

A student who commits a second Tier 2 violation during the same athletic season in which he or she has previously served or is serving a Strike 1 consequence will not be allowed to participate in the remainder of that athletic season. A student who commits a Tier 1 violation will not be allowed to participate during that athletic season regardless of whether or not his or her Strike 2 consequence would end prior to the conclusion of that athletic season.

In conjunction with both Strike 1 and Strike 2 consequences, to provide for the safety and health of the individual student and those with whom he or she participates with and against, a student who uses or is in possession of marijuana or any other controlled substance will have to provide, at his or her expense, medical documentation that he or she is drug-free prior to resuming participation.

Strike 3 – The student is ineligible to participate in athletics at Hastings High School the remainder of his or her high school career.

Tier 3 – Distribution of Alcohol or Drugs and Felony Offenses

The distribution or sale of alcohol or drugs (including performance enhancing drugs) is viewed as more serious than the use or possession of those substances. Similarly, acts that result in a student being arrested by law enforcement for felony offenses are viewed as acts that require immediate and permanent suspension from participation. As stated in Tier 2, activities participation is a privilege and not a right; it is to be understood that there will be no obligation on the part of the administration, in response to the arrest of a student, to wait for the judicial process to run its course. Therefore, even while felony charges are pending and adjudicated, all forms of participation will be denied.

A student who reaches Tier 3 is ineligible to participate in athletics in at Hastings High School for the remainder of his or her high school career.

Special Circumstances and Greater Magnitude of Consequences

The Activities Director has, at his or her discretion, the ability to impose a greater magnitude of consequences if he or she feels a student participant has been belligerent or defiant, shows no remorse, or has behaved in ways to significantly hinder the investigation of a violation.

Captains – Student who are selected and accept the role of team captain should understand that with this honor comes additional responsibility. These young men and women are more than just student participants they are student leaders. Any violation of the code of conduct by a captain **may** result in the student losing his or her captaincy for the remainder of his/her career.

Organizing, Facilitating, Promoting, or Hosting – If it is determined that a student participant was involved in the organization, facilitation, promotion, or hosting of any gathering or social event where alcohol and/or drugs are available or where use has occurred, he or she will be moved directly to Strike 2 for any initial Tier 2 violation. If a student already served a penalty for a Tier 2 violation prior to organizing, facilitating, promoting, or hosting, he or she will be moved directly to Strike 3.

Use While Participating – The use of an illegal substance during a team practice, scrimmage, game, meeting, travel, or any other team function increases the risk to a student participant and to those he or she competes with and/or against. Therefore, a student who is found to have used alcohol, tobacco, or drugs (including performance enhancing drugs) in conjunction with any team activity will be moved directly to Strike 2 for any initial Tier 2 violation. If a student has previously served a penalty for Tier 2 violation prior to this violation, he or she will be moved directly to Strike 3.

Use or Possession on School Grounds – Just as a student participant cannot compete at his or her maximum level while under the influence of illegal substances, nor can he or she learn to the best of his or her ability while under the influence. In addition, the property of the Hastings Public Schools is legally considered a drug-free school zone. For both of these reasons, any student found to be in the possession of or having had used illegal substances on school property will be moved directly to Strike 2 for any initial Tier 2 violation. If a student had previously served a penalty for Tier 2 violation prior to this violation, he or she will be moved directly to Strike 3.

Due Process – All student participants are afforded the right to due process to review suspension involving a violation of the code of conduct. The step-by-step appeal process includes:

- (a) On the date of the decision to render a student ineligible, a written or oral charge, and summary of the evidence supporting such charge, shall be filed with the building Principal or the building Principal's designee should the Principal be unavailable. The school will attempt to notify parents/guardians in person, by telephone, or electronically when a suspension decision is made and will, within five (5) calendar days of the decision, send a written notice by registered or certified mail to the student and the student's parents/guardian informing them of the rights established under these rules and regulations.
- Such written notice shall include: the rule or standard of conduct violated; the act or acts of the student alleged to constitute a cause for suspension from activity participation; the penalty or penalties the administrator has recommended; the right of the student/parent/guardian to a hearing, upon request, on the specified charges; and the immediate implementation of the penalty regardless the ability to request a hearing. Nothing in these rules and regulations shall preclude the student-athlete, the student's parents, the guardian, or a representative from discussing and settling the matter with appropriate school personnel prior to a requested hearing.
 - If a hearing is requested by the student and/or the parent/guardian before or within five (5) calendar days of the receipt of the written notice as provided in paragraph (a) above, a hearing will be held within a reasonable time and manner before the building Principal and/or the building Principals designee to review the evidence of the violation and the penalty invoked. Within seven (7) calendar days of the hearing, the Principal will notify the student/parents/guardians in writing as to whether the suspension and/or penalty is to be less severe. Should a parent/guardian wish to appeal the decision of the Principal, they must submit a written request for the Superintendent to hear their appeal within seven (7) calendar days of the receipt of the Principal's written hearing decision. A hearing before the Superintendent will be held within a reasonable time and manner. Within fourteen (14) days of the hearing, the Superintendent will notify the student/parents/guardians in writing as to whether the suspension and/or penalty shall be less severe. The student/parents/guardians may, within fourteen (14) calendar days following the receipt of the Superintendent's written decision appeal the Superintendent's decision to the Board of Education or a committee of the Board of Education designated to conduct hearings pertaining to student activity participation. Such an appeal shall be in writing and shall be submitted to the Secretary of the Board of Education. A hearing on such appeal shall be held by the designated committee or the Board of Education in a closed session or open session, at the committee's or Board's sole discretion, within fourteen (14) days of the receipt of the written appeal. Such appeal shall be made on the record except the committee or the Board may reopen the hearing to receive additional evidence, if it so desires, subject to the right of the parties to be present. The record of the case shall consist of the rule or standard of conduct violated; the act or acts of the student alleged to constitute a cause for suspension; and the penalty or penalties recommended at each level of appeal including the decisions of the Principal and the Superintendent. At or before the next regularly scheduled meeting of the Board, following the hearing on the appeal, the committee or the Board shall render a final written decision on the appeal with a copy of the decision mailed to the student/parent/guardians, the Principal, and the Superintendent in a manner found appropriate by the committee or the Board.

Restorative Expectations

Student participants serving a Tier 1 penalty for Out of Character Behavior must complete the following step to restore their eligibility:

Recommit to the code of conduct by resigning the code in front of his or her teammates and coaching staff.

Student serving a Tier 2 penalty for a chemical health violation (alcohol or illegal drugs, including performing enhancing drugs) must complete the following steps to restore their eligibility:

1. Along with his or her parent/guardian(s), meet with a chemical health specialist (at family's expense) to better understand the physiological and psychological implications of the use of the substance for which he or she was suspended.
2. Along with his or her parent/guardian(s), meet with the school district's Hastings Police Department liaison officer to better understand the legal implications of the use of the substance for which he or she was suspended.
3. Recommit to the code of conduct by resigning the code in front of his or her teammates and coaching staff.

It is not expected that the content of what is discussed during any of the three meetings required above be shared with the Activities Director. It is expected that, in order to document the student's compliance with restorative expectations for re-instatement purposes, the Activities Director will receive written verification that the meetings were held from the chemical health specialist, liaison officer, and coach,

Should the student (and his or her parent/guardian(s)) not complete any of part of this process by the end of his or her suspension from competition, he or she will no longer be able to practice or compete, from that point forward, until all parts of the process have been completed.

Detention

Student participants who receive school detentions are expected to serve those detentions within the 2-day allotment. Students who have three or more detentions will be required to serve detention daily before going to practices and may also be held out of events until their detention is served.

Transportation for School Sponsored Trip

Any student participant making a Hastings High School sponsored trip shall go and return on the transportation provided by the school. The only general exception which is approved is the release of a student to his/her parent or guardian. All other requests will need to be approved by the Principal, or Activities Director.

School Attendance

- In order to attend practice, the student participant must be in attendance the last two periods of their school day, unless excused by the Activities Director.
- Any UNEXCUSED absence will result in suspension from the next contest or performance. Students must have this absence excused before their next competition or within two school days before sitting out.
- On the day of a contest or performance, the student must be in attendance the entire day, unless approved by an administrator (medical, court, funeral, etc.) If a student arrives to school within 15 minutes of the start of their first class, they will be given a warning and be allowed to participate in that days contest or performance. They must check in to the attendance office before going to class. Each participant will be given two warnings per season. This, however, is only for excused absences. Participants will sit out of further contests once they have used their two warnings.

Nebraska School Activities Association Rules

In order to represent a high school in interscholastic competition, a student must abide by eligibility rules of the Nebraska School Activities Association. If you do not understand a summary of these rules listed below or you need an explanation of other requirements, consult the high school Principal or athletic director.

- Student must be an undergraduate.
- Student must be enrolled in at least 20 hours per week and regular in attendance.
- Student must be enrolled in some high school on or before the 11th school day of the current year.
- Student is ineligible if 19 years of age before August 1 of current school year.
- After a student's initial enrollment in grade nine, he/she shall be ineligible after eight semesters of school attendance.
- Student must have been enrolled in school the immediate preceding semester.
- Student must have received 20 semester hours of credit the immediate preceding semester.
- Once the season of a sport begins, a student shall compete only in athletic contests/meets in that sport which are scheduled by his/her school. Any other competition will render the student ineligible for the remainder of the season in that sport. The season of a sport begins with the first date of practice as permitted by NSAA rules.
- A student shall not participate in sports camps during the season of a sport in which he/she is involved, either as an individual or as a member of a team.
- A student shall not participate on an all-star team while a high school undergraduate.
- A student shall be ineligible to represent a school in interscholastic competition at the varsity level if the school is located in a school district other than the district in which his/her parents maintain their domicile. (Check with school administrator for an interpretation of rule if the school district where parents reside has no high school or if there are two or more high schools in a district.)
- A student is ineligible if his/her parents have changed their domicile to another school district and the student has remained in former school which is in a different school district. (EXCEPTION: If parents have moved after school has started, the student will be eligible to compete for the remainder of the school year, or if parents have moved during the summer which immediately precedes the school year and the student is in grade twelve and has attended the high school for two or more years, the student is eligible for that school year in the school district from which the parents moved.)
- Guardianship does not fulfill the definition of a parent. If a guardian has been appointed for a student, the student is eligible in the school district where his/her natural parent(s) have their domicile. Individual situations involving guardianship may be submitted to the Board of Control for their review and a ruling.
- A student shall not participate in a contest under an assumed name.
- A student must maintain his/her amateur status.

ACTIVITY PASSES

Most students purchase the high school activity pass. This pass provides admission to almost all athletic and dramatic events. This pass is a considerable saving over single admission to school events. Students who participate in activities will be required to purchase passes prior to participation (athletics, music, theatre, debate, speech, cheerleaders, Tigerettes). In addition, there will be a \$10 charge for the first activity pass replacement and full price for each replacement thereafter.

Students who forgot their activity pass must pay to be admitted to the event then will be refunded their money the following school day.

COUNSELING/GUIDANCE SERVICES

The guidance department of Hastings Senior High School exists for one purpose - to help students and teachers. It is important that students become aware of services available so that they can take advantage of all services offered by the guidance department. Counselors are available to assist and advise each student about personal problems, academic problems, career choices, course selections, college choices, and scholarship applications. The guidance department also assists in student orientation information services and student appraisal. The guidance office is open before and after regular school hours.

Registration Bulletin

The Hastings Senior High Registration Bulletin is given to each student prior to registration for classes each year. This handbook includes graduation requirements, programs of study, and a description of each of the courses offered at Hastings High School.

Schedule Changes

Schedule changes will only be made for academic reasons, examples are:

1. The student is registered for a course, which he/she successfully completed in summer school.
2. The student must repeat a course failed during the previous year.
3. A schedule conflict cannot be adjusted without a schedule change.
4. The student needs an additional course to meet credit requirements.

Requests for a schedule change for any other reason will require written confirmation from a parent. A student will not be allowed to drop a class without parental and administrative permission. Schedule changes will only be allowed until the first **2** meetings of that class. Drop/add forms must be completed properly and returned to the student's counselor before the student will be credited with a change. Students dropping a class after **2** class meetings will receive a withdrawn failing grade that is computed in the GPA. In the case of extenuating circumstances to be determined by the administration a student can be withdrawn passing from a class.

FRESHMEN MENTORING

The Freshmen Mentoring Program provides each freshman with a supportive environment that helps ease his or her adjustment from middle school to Hastings High School. The FMP matches up juniors and seniors with all freshmen. The mentors work with freshmen, under the guidance of an advisory teacher, on topics ranging from academic issues to leadership and involvement in school activities.

The FMP provides freshmen with:

1. Being welcomed by their mentors to Hastings High School at a pre-school pep rally on Orientation day.
2. A freshmen advisory/study hall that will meet each day during T3 period.
3. A support group in each advisory that consists of mentors, a faculty advisor, and a counselor.
4. An on-going orientation to Hastings High School that enables students to become familiar with its physical layout, policies, procedures, programs, personnel, and traditions.
5. A comfortable environment for freshmen to ask questions about the school and its activities.
6. Monitoring of academic progress.
7. A mechanism for increasing students' awareness regarding academic and co-curricular opportunities.

MEDICATION POLICY

It shall be the policy of the Hastings Public Schools that prescribed medication will not be administered to students unless written authorization from the student's parent or guardian is on file and specific guidelines are followed. Medication should be administered to students by parents or guardians whenever possible. The school will assist only when the student needs prescribed medication during the school day to function near his/her potential.

The following guidelines must be followed:

1. Written authorization from a parent or guardian is required on a form provided by the school and must be on file before medication will be administered.
2. Over-the-counter medication will not be administered during the school day unless a physician has prescribed them. (A doctor's note is sufficient. Sample medications will be given with a doctor's note including directions for administering the med.)
3. Acetaminophen or Ibuprofen may be administered from a school supply of medication, with parent or guardian permission.
4. Prescription medications must be in the original prescription bottle appropriately labeled for the child.
5. The labels on medications should include the child's name, physician's name, medication, dosage and date.
6. Written instructions from the parents must be obtained if the dosage is to be changed during the course of the medication's administration.

7. A record will be kept at school for all medication administered to each student. The date, time, dosage and person administering the medication will be included.
8. Medications will be kept in a secure cabinet in the school building.

Students are not to have any prescription or over the counter medications in their possession.

RESOURCE OFFICER

Through a joint effort with the Hastings Police Department and the Hastings Public Schools, a school resource is available to assist students, teachers, and administration. The resource officer may address issues that arise within the school involving matters of legal/criminal nature, as well as educational issues related to the law.

STUDY HALL

1. Students who are assigned to study hall will attend unless prior approval is made with the administration.
2. Students should be studying or reading independently.
3. Students are not allowed listen to music.
4. Students may use pass privileges, if they are eligible and on time.
5. Students must be in good academic standing to use their library privilege.

TRANSPORTATION

Any student making a Hastings High School sponsored trip shall go and return on the transportation provided by the school. The only general exception, which is approved, is the release of a student to his/her parent or guardian by an administrator or his/her representative at the destination of the trip. Exceptions must be approved through the principal's office prior to the trip.

STUDENT DISCIPLINE

ALCOHOL/DRUGS

Students attending Hastings Senior High School should have the right to learn in an alcohol and drug free environment. The use of alcohol is not only a violation of state laws, but also interferes with the healthy development of our students. Student use, possession, distribution, or sale of alcohol, narcotics, other drugs, "look-alike" drugs, steroids, or drug paraphernalia is prohibited in schools, on school grounds, at school sanctioned activities, school sponsored programs, or when students are being transported in vehicles dispatched by the school district. Students suspected of consuming alcohol in violation of this rule may be requested to submit to an alcohol breathalyzer test. An administrator or a police officer will conduct the test. In the cases of suspected drug use, students may be subject to a further evaluation by an administrator, police officer, or health professional. Consumption of alcohol or use of any illegal drugs will result in suspension or expulsion from school.

ATTENDANCE POLICY

The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and individual study in order to reach the goal of maximum educational benefit for each student. While it is true that written work can be completed despite a student's absence from class, class instruction and presentation, discussions, audio-visual presentations, and student-teacher interaction can never be made up for an individual student who has missed them. This is the essence of schooling. A student's contribution to and achievement in class are directly related to attendance. It is critical for both students and parents to understand that students miss an essential portion of their education when they are absent from class. The following is based on the Board of Education Policy 503.01.

1. Students who are absent more than 6 times from any class in a semester will lose credit for that course unless the assistant principal determines that, due to the nature of the absences, credit shall be awarded.
2. All absences shall count toward the six-day limit (except those incurred for school-sponsored activities or a mandated exclusion directed by the school administration.)
3. This policy is applicable to class absences. A student may lose credit in one or more classes. For example, a student may have been absent for four full days but may have been absent seven times from first period. In this case the student could lose credit for first period only.
4. Notification of absences that are not accounted for will be attempted by phone contact or written communication. Parents/guardians will be sent notification when their son/daughter accumulates three (3) absences during any semester. At this point a conference may be necessary to determine what can be done to improve the attendance pattern.

5. Students who exceed the 6 day limit must meet with an assistant principal to discuss the circumstances and provide evidence contributing to the excessive absences. Parents/ guardians will be sent notification when their son/daughter accumulates six (6) absences during any semester. This evidence could include reasons for the absences, medical excuses (verification from doctors or dentists may be required), note from parents, etc. Parents/guardians are invited to the meeting.
6. It is the responsibility of the student and parent/guardian to determine if an absence is a legitimate absence from school. Parental judgment regarding the necessity of the absence will be honored; therefore no differentiation will be made as to whether the absence is excused or unexcused. Fundamental to the effectiveness of this policy is cooperation among the school, parent, and student. It is our intent to stress the importance of regular school attendance, which enhances the likelihood of success and serves as a permanent record of the student's maturity in meeting expectations. In support of the student and parent/guardian, teachers will be notified regarding students who had credit withheld in their classes.

Credit Committee

The credit committee may make one of two decisions:

1. Drop the student from the course and indicate the student should receive a failing grade which will be figured into the grade point average. Those students who are dropped from class will be assigned to a study hall. Attendance by the student in that study hall will be required. Under certain circumstances, the school may alter the length of an individual's school day to help that individual avoid further disciplinary action.

2. Grant the student special consideration and allow the student to remain in class with full credit.

Special requirements may be placed on the student. Allow the student to remain in class on a no-credit basis so that the student may earn credit in the course the second semester. Special requirements may be placed on the student. A student may receive a passing grade but not receive credit. If credit is withheld, the grade points will be figured as a 0, which is the same as an "F" for the class.

The credit committee's decision can be appealed to the principal. Should the appeal fail at the building level, parents may appeal the decision following established due process procedures.

Early Departure/Late Arrival

To leave the building, a student must check out through the office. For illness or emergency, the student's parent or guardian will be telephoned and permission granted by the parent before the student will be allowed to leave. If the parent cannot be reached by telephone, the school nurse will be called to care for the student.

Any student who leaves the building in violation of this policy will be subject to disciplinary action.

It can be simply stated that any student who comes to school late or needs to leave before the school day has ended will be required to report to the attendance office.

Make Up Work

Students will have two (2) days to make up work for each day of excused absence (For example, if a student is absent for three (3) days he/she will have six (6) days to make up the work). In case of a known absence (family vacation, athletic events, etc.) work shall be completed prior to the student leaving. Individual arrangements shall be made with each teacher. This does not apply to students who are suspended from school. Make up work will not be collected for students absent from school due to illness until after the 3rd day of absence.

It is the policy of Hastings Senior High School that students suspended from school are allowed to complete schoolwork and tests incurred during the period of suspension. Students suspended from school should spend time completing school assignments. Upon their return to school suspended students will have (2) additional days in which to complete school assignments. Tests missed during the suspension period will be made-up at school. Hastings Senior High will collect assignments for students in the case of suspension. However, it will be the responsibility of parents and students to pick up assignments at the High School.

Parent Notification

Communication with the school regarding absences is essential. If your daughter/son is absent, from school, you must communicate with the school as soon as possible to confirm the absence. If possible, please notify the school the same day as the absence. For your convenience our attendance clerk is on duty from 7:30 a.m. until 4:30 p.m. each school day to receive your telephone calls regarding absences.

A telephone contact or letter will notify parents/guardians of absences that have not been verified. In the event the absence is not clarified during the phone contact, Parents/Guardians are requested to contact the attendance office after receiving an attendance call to provide input regarding a respective unverified absence.

The same procedure applies if it is necessary for your daughter/son to leave school during the day. You must call prior to their departure in order for your daughter/son to be released from school. Students who leave school and then ask parents to call later will be recorded as unexcused. If a student is too ill to be in school, the nurse will contact a parent and issue a permit to leave school. Students leaving without checking out through the nurse or an administrator will be unexcused and disciplined appropriately.

Absences must be excused or verified within 48 hours of the occurrence. Absences, which have not been excused within 48 hours, will be considered trancies. Students who are truant from school may be required to participate in a parent conference to discuss the truancy issue. Chronic truancy can result in a referral to the County Attorney's office, suspension or expulsion.

Tardy Policy

In order to maximize instructional time, students are expected to arrive to all classes before the tardy bell rings. If students arrive to class less than 5 minutes after the tardy they will be considered tardy; if arriving more than 5 minutes after the tardy bell, they will receive an absence.

This policy is three pronged and will only work if each and every person involved participates. It is broken down into the following areas:

1. Teacher Participation
2. Effective Tardy Sweeps
3. After School Detention (1 hour)

Each person has a role:

Administrators - will support teachers by assigning and monitoring after school detention. Administrators will also assist teachers in conducting tardy sweeps.

Teachers - will monitor the hallways during passing periods and especially the first 5 minutes of their planning period. Keep traffic moving and be a positive adult presence. Show students that teachers do want them to be on time. Teachers will record attendance every class period in power school. Teachers will not allow students out of class without signing the student's handbook/ planner and verifying possession of privilege card.

Students - will arrive to each and every class on time. They will attend detention if it is assigned.

Parents - will support their child in arriving to school on time. Parents will communicate with teachers, and administrators, and support the discipline process.

Consequences

- | | |
|---|---|
| 1 st and 2 nd tardy | - Teacher warning |
| 3 rd tardy | - Teacher notifies student of detention if they receive another tardy |
| 4 th and 5 th tardy | - 1 hour detention |
| 6 th and above | - 1 hour detention or further disciplinary action from principal's office |

*An automated call will be sent home at the end of each school day when a student receives a tardy

*Class tardies will reset each quarter

Truancy

An absence that neither the parent nor the school condones will be considered a truancy. Any student who is truant may receive a zero for all work missed and the student will be assigned a consequence for each period or portion of a period that is missed. Failure to comply with administration's request to attend school may result in suspension and/or expulsion from school. Any student who is consistently truant from school may not be allowed to return to school until a parent conference has been arranged.

Chronic Truancy

The following information is taken from Revised Nebraska Statute 79-209 and pertains to students in violation of Nebraska Statute 79-201, Nebraska's Compulsory Attendance Law.

In all school districts in this State any superintendent, principal, teacher, or member of the board of education who knows of any violation of section 79-201 on the part of any child of school age, his or her parent, the person in actual or legal control of such child, or any other person shall within three days report such violation to the superintendent of schools. Such superintendent shall immediately cause an investigation of the case to be made by the attendance officers (the assistant principals will serve as the attendance officers of the high school). The attendance officer shall immediately investigate the reported truancy. The school shall

render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to remediate the child's truant behavior. Such services shall include, but need not be limited to:

(1) One or more meetings between school attendance officer, school social worker, or other person designated by the school administration if such school does not have a school social worker, the child's parent or guardian, and the child, if necessary to report and to attempt to solve the truancy problem, unless the officer or worker has documented the refusal of the parent or guardian to participate in such meetings;

(2) Educational counseling to determine whether curriculum changes, including, but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child, would help solve the truancy problem.

CHEATING/PLAGIARISM

Cheating/plagiarism will not be tolerated. Each student is responsible for doing his/her work. Students who violate this policy may be subject to receiving a zero for the assignment/test and may be subject to other disciplinary action.

Cheating involves one or more of the following actions:

1. To use the work of another person as your own.
2. To copy information from another student's test, examination, theme, book report or term paper.
3. To plagiarize - plagiarism means using another person's idea, expression or words without giving the original author credit.
4. To prepare for cheating in advance. Such action involves (1) having in your possession a copy the test to be given or having been given by a teacher, (2) using the test or notes during a test or examination, (3) talking while taking quizzes, tests, or examinations.
5. To fail to follow test procedures or instructions announced by a teacher (such as no talking, no turning around in seat, raise hand to ask questions, etc.).

DATING VIOLENCE

The Hastings Public Schools will not tolerate dating violence among students. As with bullying and harassment, the District is committed to providing all students with a safe and civil school environment where they are treated with dignity and respect. To that end, the Board has in place policies, procedures, practices, and programs that are designed to reduce and eliminate dating violence among students as well as processes and procedures to deal with incidents of dating violence among students.

This policy is in effect while students are on property within the jurisdiction of the Board; while in school-owned or school-operated vehicles; while attending or engaged in school-sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of a student, students, or the school district.

For the purposes of this policy, dating violence means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. A dating partner means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

If, after investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion. Nothing in this policy shall prevent a victim of dating violence from seeking redress under any other available law, either civil or criminal.

Retaliation against a person because the person has filed a dating violence complaint or assisted or participated in a dating violence investigation or proceeding is prohibited. Any individual who knowingly files a false dating violence complaint and a person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall a person who is found to have retaliated against another in violation of this policy. A student found to have retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion.

The school or District will promptly and reasonably investigate allegations of dating violence. The Principal of each building will ultimately be responsible for handling complaints alleging date violence.

DETENTION

Activities permitted during detention are silent study or silent reading. Detention is considered an extension of the school day; the same school rules will apply while serving detention. Failure to complete assigned detention within 2 school days may result in further disciplinary action.

Students who receive a detention and are out for an extra curricular activity are required to serve that detention before they are allowed to attend any practices or events. This may include concerts, plays and other special performances. Students who have three or more detentions will no longer obtain the privileges afforded to students who are in good standing. These privileges would include but are not limited to: open campus, intramural activities, participation in school sponsored field trips and attendance at school related events (this includes dances). With this being said, any student who doesn't have their detentions completed by the time of graduation ceremonies will not be allowed to participate in that ceremony.

DISRUPTIVE BEHAVIOR AND CHRONIC NON-ACHIEVEMENT

The staff at Hastings Senior High works toward making every student successful. Despite the best efforts of a school system, circumstances surrounding a student outside of school may prevent a student from being successful in every component of his/her educational program. Students with class work of such continued poor quality or chronic disruptive behavior will be removed from the class and may receive their education in a different setting.

NUISANCE ITEM

A thing that causes a disruption to the school, student(s), and learning environment as deemed by administration will not be allowed in Hastings Senior High.

FIGHTING

Fighting, either physical or verbal, is prohibited on school property, areas adjacent to school property, or at school sponsored events. A student shall not threaten, cause, or attempt to cause physical injury to any student or to a school employee. The school insists that students seek the assistance of teachers, counselors, and administrators to resolve conflicts. Students who engage in fighting will be suspended out of school and a parent/student/administrator conference held prior to the student's return to school. Multiple instances of fighting will result in expulsion. The police may be called on instances where a fight has occurred between two or more parties.

HARASSMENT/HAZING/BULLYING

The bullying or harassment of students are against federal, state and local policy, and will not tolerated by the Hastings Public Schools. The District is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the Board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. The District will not tolerate bullying and harassment of students by students, school employees, and/or volunteers who have direct contact with students.

The Board prohibits harassment, bullying, hazing, or any other victimization of students, based on any of the following actual or perceived traits or characteristics; race, color, religion, ancestry, national origin, gender, sexual orientation, age, or disability. This policy is in effect while students or employees are on property within the jurisdiction of the Board; while in school-owned or school-operated vehicles; while attending or engaged in school- sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school or school district.

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion. If, after an investigation, a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures up to, and including, termination. If, after an investigation, a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures up to, and including, exclusion from school grounds. "Volunteer" means an individual who has regular, significant contact with students.

Harassment and bullying mean any electronic, written, verbal, or physical action or conduct toward a student which is based on any actual or perceived trait or characteristic of the student and which creates an objectively hostile school environment that meets one or more of the following conditions:

A student who feels he/she is being harassed by peers or by a staff member of the school, or is aware of the harassment of another student(s), shall report such incidents to a building administrator, counselor, teacher, school psychologist, school social worker, teacher aide, etc.

An individual who knowingly files a false harassment complaint and a person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall a person who is found to have retaliated against another in violation of this policy. A student found to have retaliated in violation of this policy should be subject to measures up to, and including, suspension and expulsion. A school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. A school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds.

IN-SCHOOL SUSPENSION (ISS)

Students(s) entering ISS can only be placed by a member of the administrative team. Students being placed in ISS will be required to check-in personal electronic devices such as cell phones, headphones and digital music players. If a student leave ISS before the require amount of time, that student will have additional consequences. There are many privileges for students who attend Hastings High School. If a student breaks the discipline or attendance code a Loss of Privileges may be assigned. When a student is issued a loss of privilege (LOP), he/she will be unable to utilize some or all privileges that are available. These privileges include, but are not limited to lunch in the cafeteria, off campus lunch, student parking, open campus study halls, hall passes, and attendance at extra curricular activities, including intramurals, games, and school dances. Students who lose the lunchroom or off-campus lunch privilege will be assigned private dining and eat lunch in a designated room. Students who lose open campus study hall will be assigned to the lecture hall. Students who do not comply appropriately with a Loss of Privilege may be given additional days of Loss of Privileges, lose other privileges, or be assigned In School Suspension or Out of School Suspension.

PROFANITY

Profane language is not allowed during school hours or at school activities. Common courtesy and appropriate manners dictate that the language used in the school be acceptable to all in the community. Profanity is not an acceptable manner of expressing oneself. Use of profanity will result in disciplinary action from the principal or the assistant principal's office.

SCHOOL DANCES

A school dance is considered a school function. In general, any regulation that would apply to student behavior during the school day is applicable for the dance. Unacceptable behavior is cause for removal from the dance.

1. No use of tobacco, alcohol, or drugs is permitted. Any student who appears to be under the influence may be subject to a breathalyzer test, parent contact, and/or police contact.
2. No fighting is permitted.
3. Students who leave the dance are not permitted to return.
4. Students attending the dance must be members of Hastings High School.

6. Parents are welcome to attend as guests of the school.
7. Doors will be locked approximately one hour after the dance begins.

9. Students may be asked to prove that they are an HHS student by showing their student ID.
10. Any student with the accumulation of 3 or more outstanding detention will not be allowed to attend school dances.

SEARCH & SEIZURE

It shall be the policy of Hastings Public Schools to allow school officials to conduct reasonable searches and seizures of students, school premises, and/or automobiles located on school premises when there is reasonable suspicion to believe that students may be in possession of contraband (drugs, weapons, alcohol and other materials), in violation of school policy and/or state and federal laws.

Definitions

For the Purpose of Board of Education Policy 504.16, the following definitions will be used:

Contraband: All substances or materials, the presence or possession of which is prohibited by school policy and/or state and federal law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, tobacco, abusable glue or aerosol products, guns, knives, weapons, and incendiary devices.

Reasonable Suspicion: The standard for a search on school premises or at school related events, which is based on the school official's specific reasonable inferences which he or she is entitled to draw from the facts in light of the school official's experience. Specific reasonable inferences may be drawn from instances including but not limited to, suspicious behavior which suggests that contraband is present, a smell indicating the presence of the contraband or a bulge in a pocket, a tip, etc. Reasonable suspicion should not be based on a mere hunch.

School Premises: Consist of real property, which is owned, rented, leased, or borrowed by the school district for school purposes. School premises shall also include transportation equipment provided by the school district, and the physical destination of such transportation equipment when used to transport students to a school related event.

School Related Events: Educational activities as well as concerts, sporting events, field trips, conferences and other extra-curricular activities sponsored by the school or conducted on school premises.

Reasonable Search: A search justified from its inception by reasonable suspicion and conducted in a way reasonably related in scope to the circumstances, which justified the interference in the first place. Such a search will be permissible in its scope when the measures adopted are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Procedures:

To maintain order and discipline and to protect the safety and welfare of students and personnel at school or school related events, the principal or his/her delegate may search a student, school premises, including student automobiles parked on school premises, under the circumstances outlined below and may seize illegal, unauthorized, or contraband materials discovered in the search. Student interference with such searches and seizures, as provided by this rule, will be considered grounds for disciplinary action.

Personal Searches:

A student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a principal or his/her delegate has reasonable suspicion to believe that the student is in possession of contraband. If a pat down search of a student's person is conducted, a school official of the same sex and with, if feasible, an adult witness present. If extreme emergency conditions require a more intrusive search of a student's person, such a search may be conducted in private by a school official of the same sex as the student, with an adult witness of the same sex as the student present, and only upon the approval of the Superintendent, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures. A proper "breathalyzer" test may be given to a student when the principal or his/her delegate has reasonable suspicion to believe the student has consumed alcohol. If circumstances permit, the search of a person or his or her effects should be conducted out of the presence of other students.

School Premises:

In particular, student lockers, desks, school laptops and other such property is owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school. The Hastings Public Schools retains the right to inspect student lockers, desks, and other school premises for any reason at any time without notice, without student consent, and without a search warrant.
