1981-82 Tigerettes Selected

The new Tigerettes are as follows: (back row) Brenda Uden, Sally Strasheim, Barb Welch, Jackie Langdon, Kim Hahne, Peggy Brown, Stacy Uhrmacher, Brenda Lambert, Cathy Beck, Karla Longshore, Deb Zimmerman, Cindy Tegler, Donna Nikila, and Lori Draper; (front row) Becky Gillespie, Sarah Spady, Deb Brewer, Dana Alexander, ReNae Crandall, Jane Lake, Paige Fanning, Gail Schmidt, Gwen Conway, Ruth Shiveley, Ann Moul and Jill Farrell.

System Has One More Alteration

The Class of '81 has never had the same scheduling system in any two of their three years at the high school. Next year proves to be only slightly different.

Although the same schedule will be used next year, the diagonal will be going in the opposite direction, so that students will be released from school at 2:00 on Thursdays rather than Tuesday. The reason for the switch is that in the present system, there are approximately three full school days between the time period seven meets Friday morning and Tuesday afternoon. Another, more minor reason, is so that the band can have a double period on Fridays. This is needed because the majority of the band's competitions are on Saturdays.

The basic reasons that the system was initiated are as follows:

1. Increased length of periods will help meet the needs of laboratory courses.
2. Increased length of periods may allow for a long period for study within a classroom.
3. Variety in the time schedule will relieve a little of the monotony of a traditional schedule.
4. Students should have one less subject to study each night.
5. Starting time corresponds with other schools in Hastings which makes it possible for senior high students to take siblings to their schools.
6. Earlier dismissal time allows extra-curricular activities to start earlier and end earlier.
7. Freshmen and sophomores are separated for lunch to cut down on numbers free at one time.

8. Teachers will receive approximately three hours of additional planning time per week.

9. Homeroom will become a part of period four which has additional time allotted. A homeroom helps alleviate some of the confusion experienced with report cards.

10. Open period on Tuesdays avoids dropping class time for teacher meetings, pep rallies, and some extra-curricular activities.

Rank-In-Class Revised; Classes to be Weighted

During the course of the year, a task force made up of Elmer Murmen, Darrell Bonar, Gloria Clowe, Rod Epp, Robin Koozer, Ron Kort, Glen Marshall, and Guy Stocks, devised a plan to give students in accelerated courses the credit for their grades.

The committee recommended that a certain number of courses be weighted. All courses but music (music theory will be included), physical education, and driver education will be included in the rank-in-class system. An "A" = 4, "B" = 3, "C" = 2, "D" = 1, and "F" = 0 will be used in all courses except those listed below. In these courses an "A" = 5, "B" = 4, "C" = 3, "D" = 1, and an "F" = 0 will be used. These courses are English 9-11 High, World Lit, Algebra-Trig, Introductory Analysis, Calculus, Biology, Chemistry, Physics, Theory & Problems of Physics and Chemistry, Geography-Civics High, and Western Civ High.

The committee recommends that the new rank-in-

Underclassmen Honors Canceled

Each year at HHS, the seniors are presented awards on their own Senior Honors

Night; and, the underclassmen have their own ceremony as well. This year, however, is different.

According to Dr. Elmer Murman, principal, the ceremony has been canceled due to poor attendance. Murman called it a "mockery," and said that it was not a good way to honor students.

Murman said that many students simply stay until they receive their award, and then they leave. Last year the ceremony was voluntary, where in the past it was required. It was made voluntary because many of the students weren't going to receive awards, and therefore

Dr. Elmer Murman, principal, said that this type of system is a combination of two desires. One is that some students want to take lab courses, which require a large amount of time, and the other is that other students want to take a great number of courses.

Murman stated that the extra time in classes is for extra study time, and was not intended to give teachers the opportunity to give lengthy lectures.

class system be started at the beginning of the 1981-82 school year. The honor roll procedure has not received a recommendation to change. The honor roll will continue to be made up of all students carrying equivalent to 25 semester hours and having a "3.5" grade average or above.

However, a change was recommended in the requirements for the scholarship pin. Formerly the award was based on the number of "A's" earned at the end of the first semester and third quarter, which constituted the top 6% of each class. The committee suggests that the scholarship pin be given to all students who earn a 4.0 grade average or above, also based on the first semester and third quarter grades. In order for the student to be eligible for the scholarship award, the student must have completed up to 50 semester hours for the current year or more being in non-musical and physical education courses. These courses' grades will not be used.

Asbestos Situation Examined

Change costs money. But isn't it worth the price sometimes?

One of the major problems concerning change this year has been about the asbestos in the ceilings at HHS. Asbestos, a non-flammable substance that contains little heat (could this be a contributor to the cold school?), has been found to cause cancer.

Dr. Elmer Murman, principal at HHS, stated that there have been reports done in order to determine the seriousness of the substance in HHS' ceilings. He said that they have shown that HHS is in a low percentage range of the cancer-causing agents. He also said that the federal officials have no "good solution".

One of the main hindrances slowing the progress of preventing a change concerning the asbestos is money. Three suggestions have been offered to do something about the substance.

One is to remove the ceiling and install a new one. However, a major drawback on this idea (besides the cost) is that certain precautions have to be taken. If certain agents are disturbed, as they would be if the ceiling was removed, they will enter and remain in the air; this could do more damage than if the

ceiling was left alone.

The second suggestion is to put a false ceiling over the present one. The final suggestion is known as "incapsulating", and consists of putting a spray coat of another agent over the ceiling. The fault with this plan is that if the seal is broken, it will lose its purpose.

Murman said that the present plan seems to be obtaining an estimate on the areas that show the most disturbances, such as finger marks, writing, and the like—as in the band practice rooms.

He said that change depends on time and cost. Murman also stated that assistant superintendent Dan Hoke knows more about the situation, and can be contacted for more information. Hoke was unavailable for comment.

Exam Schedule

Wednesday, May 27:

8:30-9:50	period 1
10:00-11:20	period 3
12:30-1:50	period 5
2:00-3:20	period 7

Thursday, May 28:

8:30-9:50	period 2
10:00-11:20	period 4
12:30-1:50	period 6

New Drum Majors, Majorettes Chosen

The new drum majors and majorettes are: (back row) Sandy Mace and Kris Peterson, majorettes; and Ellen Touchstone and Anne Friberg, drum majors. Not pictured is Trina Pool, also a majorette.

Tricia Burgess, Beth Jernberg, and Renae Crandell - Excellence in leadership. Tricia, Beth, and Renae helped develop, organize, and oversee the preparation and finalizing of a very successful 1981 Junior/Senior Prom. They spent many hours the past four months preparing for the event, and are chosen as representatives of all the juniors who helped make the 1981 Junior/Senior Prom an enjoyable evening.

*Kathi Swenson, Terri Stevens, and Jackie Langdon - Excellence in service. Kathi, Terri, and Jackie are chosen as representatives of the many students who give up their free time to provide service in the office. They have given many hours to answer questions, check schedules, deliver messages, collect absence slips or to do any other tasks required.

May 18, 1981

Tiger of the Week

Brian Perry - Excellence in metal work. Brian had the top entry in grade 12, metals division, at the Kearney State College Industrial Arts Fair. His entry was also the top over-all metals entry and the top over-all Fair entry.

Alan Williams - Excellence in metal work. Alan had the top entry in grade 11, metals division, at the Kearney State College Industrial Arts Fair.

Monty Coordes - Excellence in metal work. Monty had the top entry in grade 10, metals division, at the Kearney State College Industrial Arts Fair.

Scott Ries - Excellence in metal work. Scott had the top entry in grade 9, metals division, at the Kearney State College Industrial Arts Fair.

Matt Ramsey - Excellence in drafting. Matt had the top entry in grade 10, drafting division, at the Kearney State College Industrial Arts Fair. His entry was also the top over-all drafting entry.

Paul Brownlee - Excellence in drafting. Paul had the top entry in grade 11, drafting division, at the Kearney State College Industrial Arts Fair.

Jim Sinnard - Excellence in drafting. Jim had the top entry in grade 12, drafting division, at the Kearney State College Industrial Arts Fair.

Jamie Evans - Excellence in high jumping. Jamie won the high jump at the Great Plains Track Meet.

Kelly Bierman - Excellence in running. Kelly won the 3200 meter run and was a member of the winning 3200 meter relay team at the Great Plains Track Meet.

Steve Hansen - Excellence in running. Steve was a member of the winning 3200 meter relay team at the Great Plains Track Meet.

Todd Fitzke - Excellence in running. Todd was a member of the winning 3200 meter relay team at the Great Plains Track Meet.

Mark Schlachter - Excellence in running. Mark was a member of the winning 3200 meter relay team at the Great Plains Track Meet.

Joan Trimmingham - Excellence in running. Joan won the 100 meter dash, 200 meter dash and was a member of the winning 1600 meter relay team at the Great Plains Track Meet.

Tracy Darnall - Excellence in running. Tracy was a member of the winning 800 meter relay team and the winning 1600 meter relay team at the Great Plains Track Meet.

Kathy Hardy - Excellence in running. Kathy was a member of the winning 800 meter relay team at the Great Plains Track Meet.

Susan Brehm - Excellence in running. Susan was a member of the winning 800 meter relay team at the Great Plains Track Meet.

***Michelle Coffey** - Excellence in running. Michelle was a member of the winning 800 meter relay team at the Great Plains Track Meet.

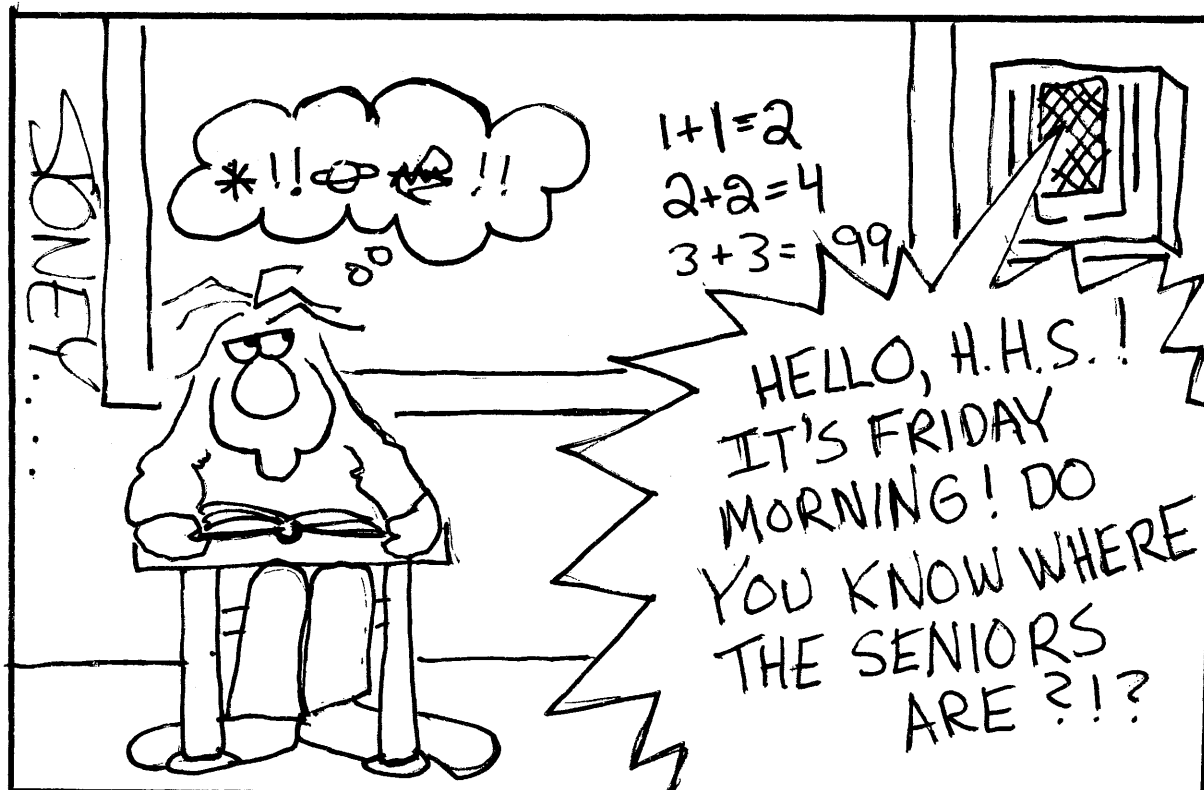

Michelle Mullins - Excellence in running. Michelle was a member of the winning 1600 meter relay team at the Great Plains Track Meet.

Susan Ganow - Excellence in running. Susan was a member of the winning 1600 meter relay team at the Great Plains Track Meet.

Debbie Jacobi - Excellence in tennis. Debbie won the number one singles title at the Trans-Nebaska Conference Tennis Tournament, Plains Division.

Student Reminisces Over Past Year; Reflects on Past Events

The end of the school year is drawing near, only a week away now. The year has certainly gone fast. It seems only a little while ago that I was coming into school on the first day, feeling a little superior since I already knew my way around school. Then I realized that I had no idea where half my classes were and I was probably going to get lost even though this was my second year at the high school.

I entered my first class; newspaper. We spent the first day arguing about the flag for the front page. The big question was whether or not to have a tiger on it. Since the talkative, not shy people wanted a three-quarter flag with no tiger, the front page had no tiger. The fact that those of us who did want one picked an animated little guy with a safari hat didn't help matters any. The first three or four weeks of newspaper class were quiet. Then everyone returned to normal and the noise reached ten or twenty decibels.

During the first week of school, I was unused to the crowded halls and I bumped into someone constantly. I didn't simply brush against people or occasionally step on someone's foot. I would run them over or hit them so hard I'd bounce off into a wall. I learned to cope with the crowds, however. It's down to only four or five major collisions every day.

One of the wonderful things about this year was the fact

that all my friends were turning sixteen and getting their own cars. No more asking my mom to take me and my friends everywhere. Now we could drive there ourselves. That was the way I learned how to trust in God. I figured since nobody else seemed to be controlling the car, He'd better be. I didn't have to worry about the dangers of driving with my friends along. They didn't like having me in the car much. They said my screams of terror as we cut in front of a semi going sixty miles an hour distracted them.

As you read this the school will be quieter than usual. One-fourth of the school will be missing. Even though some of the seniors consider me "Public Enemy #1" as one

of them so sweetly put it, I'll miss them. No longer will their voices scream at me in band because I fell down on the field during marching practice and the line is crooked because of it. No longer will they keep our English class entertained with their signs on the windows or their singing on the bridge. No more will they make me feel like an extra in "The Wizard of Oz" just by walking down the hall in front of or beside me. Don't worry too much about not seeing them. If they are anything like last year's seniors, there will be more of them in the halls after they get out than at any other time throughout the past year. After all, what's the good of getting out of school early if there's no one to gloat to.

Pre-Summer Quiz

Summer vacation will soon be here. The following is a quiz to help you see what your summer might be like.

- You try to get a "perfect tan" and end up--
 - burnt red and peeling.
 - it rains on the days you want to lay out.
 - with red cheeks and knees and everything else is white.
- You decide to enter the local 10,000 meter road race and you--
 - trip over the finish line and break your leg.
 - come in last place.
 - pass out ten yards past the starting line.
- You search all over town to find a summer job and the only thing you can find is--
 - detasseling corn (for the fifth straight summer).
 - babysitting your little sister (or neighbor's dog).
 - working with your ex-boyfriend/girlfriend.
- You take driver's ed at HHS and you--
 - can't start the car.
 - give your instructor whiplash.
 - total three cars.
- While all of your friends are taking vacations to California and Hawaii your only vacation is--
 - a trip to Pioneer Village with your grandparents.
 - a trip to the supermarket.
 - a trip to the bathroom.

Jane Kvasnicka

Students Make Plans For Summer Vacation

With summer nearing, thoughts turn to plans for the vacation. Many people are planning to travel, others are searching for jobs, while still others are deciding on the best way to goof off. Although complaints that there is nothing to do in Hastings, there are lots of possibilities.

Summer school offerings are available for a wide variety of interests. Typing and driver's ed are two of the most popular choices. Instruction in math and English are also part of the summer school program. Musicians have a class too. There is a summer band and a summer orchestra program. These classes are available to students for a fee.

Those students looking for a special camp to go to during the summer have a wide choice. There are camps for basketball players, football players, volleyball players, or for any other type of athlete. It's not only athletes who get special summer camps. Majorettes, drum majors, the flag squad and drill teams, like the Tigerettes, attend camps. There are even camps for journalism, drama or music.

Travel prospects for foreign

language students are good. Students are traveling to countries which speak their language as foreign exchange students. As for summer jobs, opportunities are about average. The following are the summer plans for a few HHS students.

Becky Kimminau - Slaving away in the sewer hole.

Julie Archer - Working and drowning little kids for fun.

Larry Holcombe - Earning money at Hastings State Bank by running their sign.

Randy Kimminau - First rest and relaxation, then hard labor.

Shelley Zalman - Going to Germany.

Shannyn Callan - Work and get money.

Steve Sulley - Partying in France.

Kim Hahne - I plan to work at the YMCA and after doing extensive travel I plan to party with friends.

Ellen Touchstone - Going to San Francisco.

Steve Kiolbasa - Go fishing.

Toko Fukumori - Going to camp and working.

Steve Cronin - Going to California with Ellen.

Grant Nitzel - Going to France.

Graphic Communications ...A Career...

WHY CONSIDER GRAPHIC COMMUNICATIONS?

The Graphic Communications Industry offers a wide variety of careers to choose from. It needs all kinds of people with many different skills and talents. It's a growing industry that offers young people a wide range of opportunity. It's an industry that needs trained people today - and it will need more people in the near future. This means that the people who begin training for it today will be ready to step in and assume important responsibilities tomorrow. They will be able to offer a service and a skill as soon as they leave school.

Tigers Qualify for State Action

The Hastings High boys' and girls' track teams attended the District track meet last Friday in North Platte.

The ladies did almost four times better than last year by placing 11 events into the State meet. The Tigers earned 58 points and placed fourth of seven teams.

The guys also did well as they amazed everyone by qualifying members in eight events. They doubled last year's efforts even though they only scored 42 points and finished last.

Lori Houtz and Sharon Hemberger both cleared 5'2" in the high jump to qualify. Lori also qualified in the 100 hurdles. Terri Smith qualified in the 400 sprint and currently ranks fourth in the state rankings in that event.

Double-qualifiers were Lori Arneson, in the 400 and 800 runs, and Julie Kroeger in the 100 and 200 sprints.

Kim Rollins qualified in the long jump with a 16'11½" effort.

The 400 and 1600 relays also qualified for state com-

petition. Kroeger, Rollins, Smith and Watson make up the 400 squad while the 1600 team consists of Arneson, Houtz, Smith and Watson.

Double qualifiers for the boys' squad were Darin Honn in the 1600 and 3200 runs, and Jeff Karloff in the long jump and the high jump.

Jon Harrison equaled Jeff's jump of 6'3" to qualify for State also.

Brian Minnick bettered his old high in the pole vault by eight inches and qualified with a 13'2" vault.

Dave Kleiber and Jamie Carr both qualified in the discus with 157'11" and 155'3" throws, respectively.

The final team standings in the girls' division are as follows: Scottsbluff, North Platte, Grand Island, Hastings, Columbus, Kearney, and Gering.

The final team standings for the boys' division are as follows: North Platte, Grand Island, Kearney, Gering, Columbus, Scottsbluff, and Hastings.

Scott W. Miller

The representatives for the girls' State tennis meet are Debbie Jacobi, Sarah McDougal, Lori Draper, Diana Dunham, Shelly Miller, and Ann Sandstedt.

Girls' Tennis Experienced Winning Season

The Hastings High girls' tennis team has swept through almost all of its' season with a final win/loss record of 7-3. Their only remaining match is at the State competition which was held yesterday and today in Lincoln.

The most recent matches that the Lady Tiger Netters have played in were the Trans-Nebraska Conference and the Big 10 Conference. The Trans-Nebraska Conference was held on Saturday, May 9th at Columbus. The Tigers finished in fourth place. Deb Jacobi was Hastings' best placer as she came in first place in the number 1 singles slot. The Big 10 Conference was held in Kearney on Saturday, May 16. The Tigers placed fairly low in this competition.

The three losses out of the Tigers 7-3 record came at the hands of Kearney Catholic, Lincoln East and Grand Island, who won the match with a score of 6-5. The Tigers won matches against McCook, Hastings St. Cecilia and both of their games with York and Sandy Creek. Hastings finished in fifth place in Kearney on April 11th.

The top six players make up the Varsity squad and these are the six who go to the State meet this week in Lincoln. The top six are Deb Jacobi, Diana Dunham, Ann Sandstedt,

Sarah McDougal, Lori Draper and Shelly Miller. Said Miss Deger, girls' tennis coach, concerning the State meet, "It depends on where I decide to play certain people. The #2 singles and the #1 doubles look pretty good."

The Junior Varsity squad won against Sandy Creek on April 9th. They lost their match against Kearney on April 23rd. Since this team kept no official record of their wins and losses, complete information on their season's record and scores was unavailable. Some of the JV players have competed on both the Varsity and Junior Varsity squads. These people include Ellen Touchstone and Chris Minnick. This squad didn't attend either the Trans-Nebraska or Big 10 Conferences and will not go to State.

Alma Lowry

Brian Minnick, Jeff Karloff, Darin Honn, Dave Kleiber and his discuss, Jon Harrison, and Jamie Carr are the six qualifiers for the Tigers boys' track team.

The seven girls' track State qualifiers are: Sharon Hemberger, Lorie Houtz, Julie Kroeger, Laurie Watson, Kim Rollins, Terri Smith, and Lorie Arneson.

Golfers Finish Sixth at Districts

The Hastings High golfers attended the A-4 District Golf Tournament last Friday.

The Tigers played at the Kearney Country Club for the third time this year as they stroked their way to sixth place out of a seven team field.

The top four scores by Hastings were turned in by Doug Tegler, 85; Clay Meininger, 88; Troy Granger, 88; and Scott Tschauner, 92.

The final team standings were as follows: Scottsbluff, 312; Columbus, 325; Kearney, 326; Grand Island, 334; North Platte, 334; Hastings, 351; and Gering, 367.

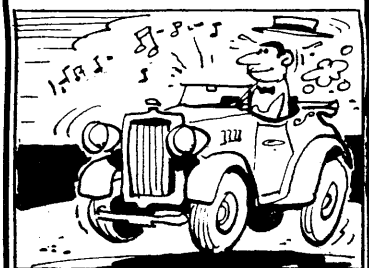

The top five finishers were Dave Kertges, Scottsbluff, 77; Pat Pensick, Columbus, 77; Brian Pilkington, Scottsbluff, 78; John Hyland, Scottsbluff, 78; and Tony Tyina, Grand Island, 80.
